Using Your New ecard

It's rather simple & fun

2004 Gift Cards

Detach your card from the package. Then scratch off the black area to reveal your card number.

First you will need to register your card to have access to all the merchant gift certificates. Of course, we will also be able to keep you informed of exciting new offers and benefits.

Scratch off the black area to expose your card number

Your *ecard* is valid at all participating businesses - whether they be in your local market area or elsewhere - in the U.S. and Canada . If you are traveling, simply locate a participating business above - before you go and pick out a few places you would like to use your *ecard* along the way - and print their gift certificate to take with you.

- **Search** the business listings by state or province and area
- **Browse through the various business promotions**
- Select a few that interest you - one at a time of course
- **Print** a copy of the business's **gift certificate - be sure to type in your card number**
- **Print a map out, too, if you like from their certificate**
- Take your *ecard*, along with your printed copy of their certificate & go to the business
